XILIA
WOOD EXPERIENCE

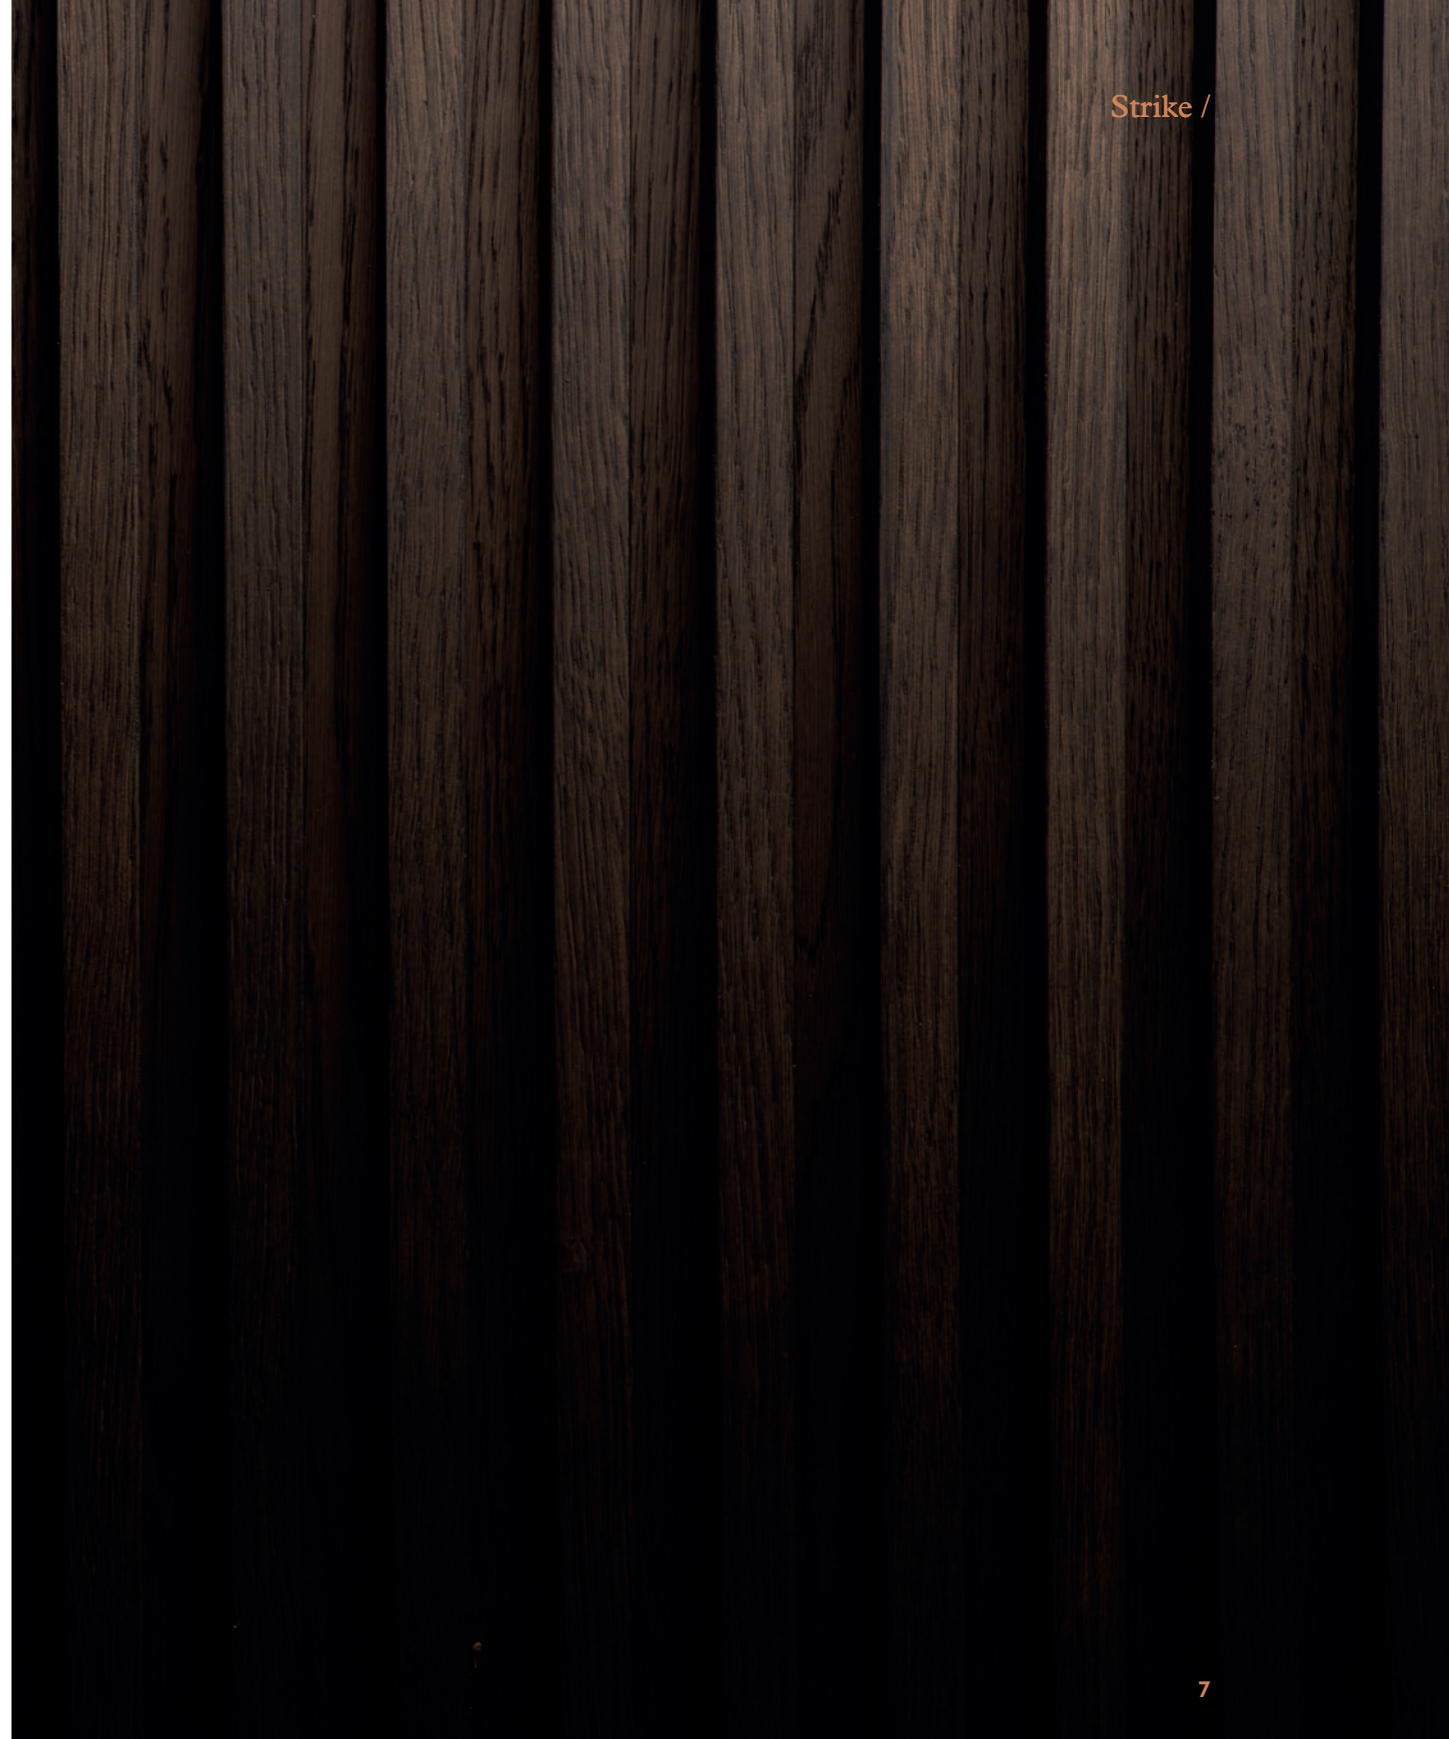

Strike /

CONTEMPORARY CHARACTER FOR ICONIC SETTINGS, WITH THE BRAND NEW WOOD SLATS DRESSING SYSTEM INTERPRETED BY XILIA. NATURAL, TACTILE, PERFECTLY FINISHED.

A name that comes from apart, a Venetian popular idiom, that we recalled as a homage to the cultural heritage that inspires all our creations. **Strike** [*Stree·kai*, noun. *Strips*, lit.] originally refers to the slats of wood, a recycled material used by our grandparents to light a fire. We have researched the essence of those ancient traditions to transform it into handcrafted dressing solutions, with decisive and refined shapes for exclusive interior design projects.

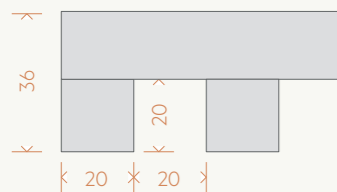

Expert hands involved in woodworking to create compositions that turn out to be artisanal, with high impact both in aesthetics and functional terms. Solutions to suit any type of space, and embellish it with a greater sense of depth and intense light-and-dark effects. Cladding system and beyond, **Strike** is a total dressing system that can be combined with flush to the wall hinged and pivot doors.

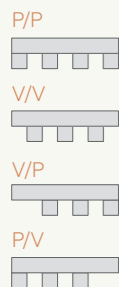

STANDARD CONFIGURATION

PANEL SECTION

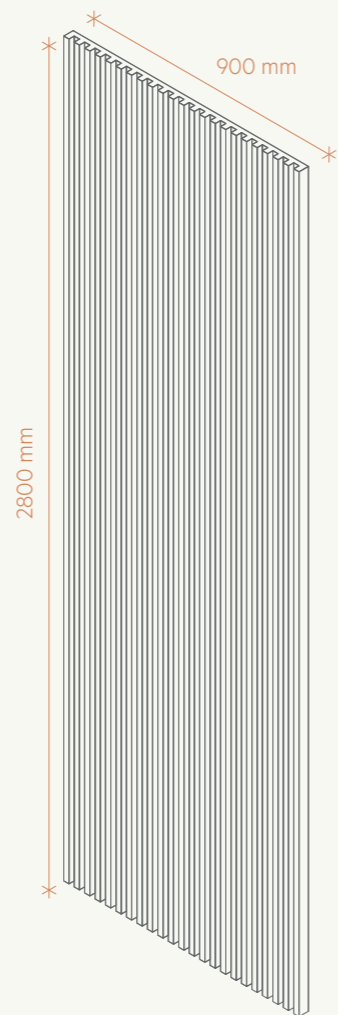

20x20x20 Standard section on a minimum 36 mm total panel thickness.

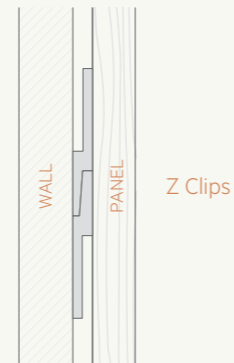

PANEL COMPOSITION

STANDARD DIMENSION

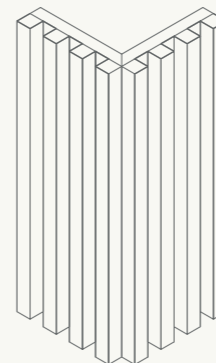

FIXING SYSTEM
